- PROFILE -

Brief personal description:
Born on 10/14/1997 in Mestre, Venice, I am a 25 year old boy from Marghera (Venice).
I have been passionate about everything related to the world of IT since I was a child.
Given this interest, I first attended the ITIS C. Zuccante in Mestre where I obtained my diploma in 2017 and then continued my studies at the Ca' Foscari University of Venice, specializing in IT.

Why should I join this company??
I consider myself suitable to be part of your company as I could bring benefits in the IT field in the management of the company and in achieving the objectives that the comp any will aim for.

Strengths:
- Skills in group work, collaboration and management of a group, gained during the projects and research carried out in groups during my studies at the ITIS C.Zuccante and at the Ca' Foscari University of Venice
- Honesty towards others regarding duties and objectives
- Discipline, compliance with internal company regulations
- Compliance with deadlines relating to various jobs

- FORMATION -

I am continuing my studies to obtain a MASTER'S DEGREE IN CYBERSECURITY

CA' FOSCARI UNIVERITY IN VENICE

BACHELOR DEGREE IN DATA SCIENCE

CA' FOSCARI UNIVERSITY IN VENICE
